They slave... I don't know how he got out, but as an Alchemist, he is bound by the promises he makes.

Let these people go. I will take care of them.

We've disposed of the reports made by that brat and crossed his members, so we should be safe.

The final problem is here.

Irrationality?

All dragons
have something that
will make them act
irrationally.

The moment they
saw each other,
All dragons will
act the same.

In Mumukhi's
case, it was her
affection

Really... now?

We simply
showed her a scene
where her Ruyens slept
with another, and she cast
him aside immediately.

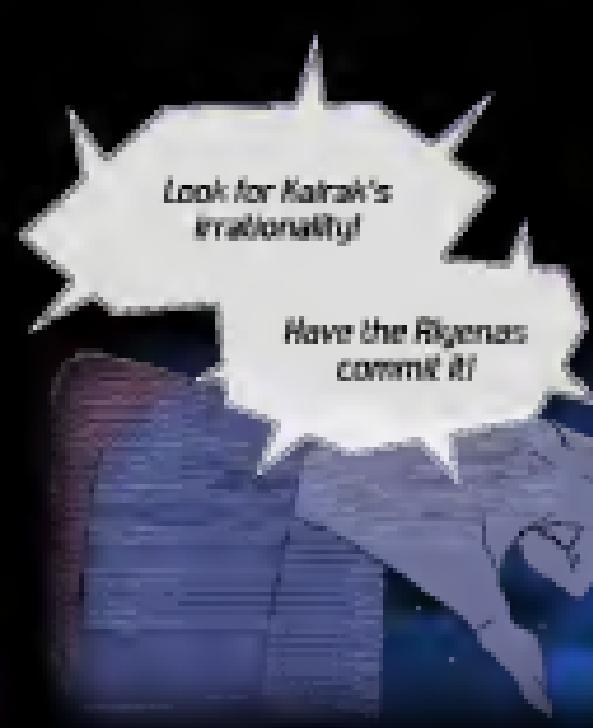

To avoid having their
needs unanswered, the Queen
often looks for a new Ryenae
soon afterwards.

but I don't
expect her to be
able to hear me.

Each Dragon is
different, but this is the
most reliable method.

Observe him closely
and take note of the
Dragon's reactions.

Look for Kairak's
irrationality!

Have the Ryenae
commit it!

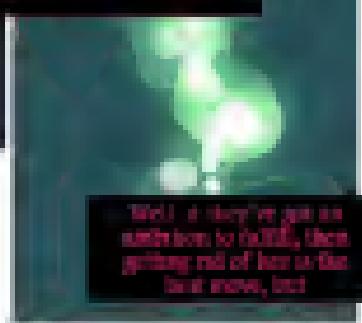

SEVER THEIR CONNECTION!

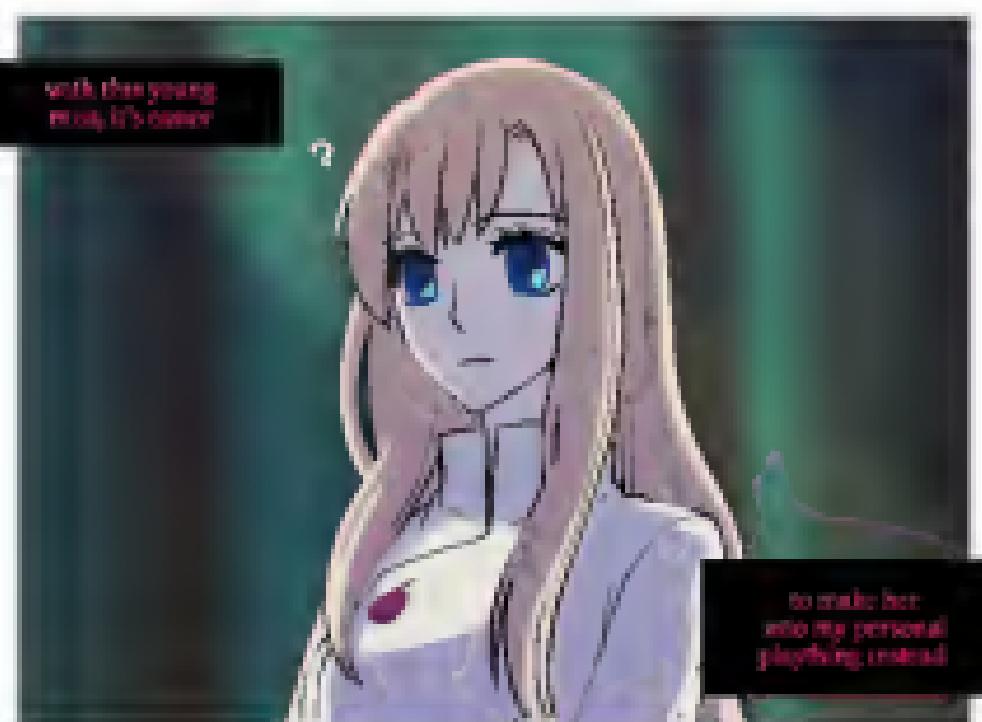

How annoying!

Why do the elders want the position of a Lycaon so badly?

Well, if they've got an ambition to fulfill, then getting rid of her is the best move, I see.

With this young girl, it's easier

to make her into my personal plaything instead.

The Dragon's emotions, huh...?

It was when Mugi touched her hands, right?

This isn't it...

No matter how many times we make point of it results of being along good I finally have it!

A slightly louder...

Thus, I believe
your concerns are
unfounded. However,
we will continue to
